

# FLASH ANIMATION

## Assignment 1

20 marks

---

### Part A (10 marks)

Create a 10 picture slide show. You supply the pictures. Submit the .fla, and .html files.

Requirements:

- Background colour or image on stage
- Images:
  - All images are to appear within (under) in an image folder layer.
  - Each of the 10 pictures arrives at a different time on the timeline.
  - Have the image layers appear in appearance order. (E.g. The first image below the image folder layer is the first image to appear on the screen. The second image below the image folder layer is the second image to appear on the screen, and so on.)
  - Have the images appear in an image folder on the timeline.
  - Have at least two of the images rotated.
- Text:
  - Create an appropriate title for the slide show. Have it arrive on the stage before all of the pictures.
  - Have your name appear as the last thing on the stage.
  - Have your name and the title appear in different fonts, colors, and sizes. Make it obvious enough for me to tell.
  - Add some additional text at some point in the show that appears in 3D.

### Part B (10 marks)

Create a banner logo image for a make-believe product, company, or service. Please ensure that the requirements are easy to distinguish. Submit the .fla and .html files

Requirements:

- Company name in 3-D text.
- Rectangle, oval, and line.
- Use either the Rectangle Primitive tool or the Oval Primitive tool.
- A Gradient Fill.
- A shape with a stroke and fill that are of different colours.
- Group two objects and make a copy of the group.
- Curved line.
- A transparency.
- Special effect with a filter.
- Use of deco tool –use one of the defaults.
- Your name in a font, size, and colour of your choice.
