

FLASH ANIMATION

Assignment 2

15 marks

Motion (7 marks)

Create a sunset/moon rise movie. Submit the .fla file.

- Draw a sun and a moon and convert each to a symbol.
- Draw some water at the bottom of the stage that moves for the entire animation.
- Have your sun set and your moon rise.
- Have the sky change colour as the sun sets and the moon rises.
- Draw a tree with a branch in the foreground.
- Draw an owl on the tree branch.
- Once the moon has risen, have the owl fly across the sky in a non-straight line.

More Motion (1 mark)

- Import the upper arm and lower arm files from the Assignment 2 folder and convert them to movie symbols. (Don't include the image backgrounds when importing and converting.)
- Keep the white background.
- Make the arm bend at the elbow as if lifting a weight.
- Keep the shoulder steady so it doesn't move

Even More Motion (7 marks)

Create a person walking movie. Submit the .fla file.

- Create a stickperson that has human-like joints.
- Have the stickperson
 - jump off something on the left side of the stage.
 - walk across the stage to the right side.
 - pick up some helium balloons .
 - have the balloons float the stickperson back to the top of the item on the left side of the stage.
 - make the stickperson move while floating.
- Make the stickperson's movements as smooth and human-like as possible.
- Have your name appear at the end of the movie in rotated 3-D.
